Crew
Seating

Steelcase

SLEEK AND CLASSIC.

Delivers all-day comfort and a high level of performance with simple, intuitive controls, right at your finger tips. Classic and refined, Crew was designed by Brian Kane.

70%

Up to 70% recyclable by weight and made of up to 18% recycled content.

مرن وعملي

يقدم كرسي كرو راحة تامة للمستخدم طوال فترة العمل , كما أن قابلية الكرسي للتعديل حسب وضعية المستخدم مناسبة ويمكن القيام بها بكل سهولة.

لقد حرص مصمم الكرسي السيد براين كان على إعطاء تصميم كرسي كرو مظهرا عصريا يعكس خبرة شركة ستيلكيس المتميزة في مجال الكراسي المكتبية عالية الأداء.

ADJUSTMENTS.

Every detail is cohesive and works together to create a tailored aesthetic. And with its intuitive, user-centered adjustments, Crew adjusts for different statures, accommodates people of all sizes and properly support your spine.

Back Height

Fit the height of the seat back in just a few seconds. A quick pull on two tabs is all it takes.

Upright Back Lock

Long-term comfort means changing your position throughout the day. To lock the backrest upright, lean forward and flip the lever down. For full-range motion, just flip the lever up.

Tilt Tension

Amount of resistance can be set while reclining.

Arm Height

A simple bigger mechanism puts arm at the right height. Important support not only for wrists and forearms, but shoulders and neck too.

Pneumatic Seat Height

The correct seat height can make all the difference. It's easy with Crew — just move lever.

All the adjustment handles of Crew can be reached from a seated position, allowing users to maintain an ergonomic position when adjusting their chair.

Height, depth, width and pivot arms telescope in and out, move forward and back, pivot, and adjust up and down, so you can find a natural position that comfortably supports the wrists, forearms, shoulders and neck.

Arm Width
Arms slide in and out easily so that arms are properly aligned for the task at hand.

Seat depth (in option)

Crew's intuitive and precise adjustments will bring full support to a wide range of users.

ATTRACTIVE DETAILS.

We've taken considerable care to select quality materials and provide elegant and stylish finishing. With attractive details like the upholstery finishing, Crew task chairs and Eastside visitor chairs offer a visual harmony that is complemented by all the support and comfort you need.

STATEMENT OF LINE

FULL-BACK TASK CHAIRS

With Height and Width Adjustable T-Arms
TS30821
Black base and arms

With Height, Width, and Pivot Adjustable Arms
