

Fringe.

We're all so thoughtful at the start of a new relationship and we've made no exception when it comes to blending our carpet ranges. Fringe is a commercial range for those seeking organic texture and subtle colour. A choice between planks or tiles delivers pattern versatility through tessellation.

Product Information

We've colour-matched Fringe™ with a selection of hues in Prime™ - a partnership made possible by the distinctive loop pile texture common to both ranges. It's our very own meet-cute.
